

material specification questionnaire

If you would like Angstrom Sciences to provide you a quote for materials, please print this questionnaire out, fill it in, and forward it to us via mail or fax at the address/number provided above. We'll respond by the method you specify therein.

1.) What material do you require? _____

2.) If an alloy and compound, what stoichiometry do you require? _____
(by weight % or atomic %?)

3.) What is your application for this material? _____

4.) What size do you require? Length: _____ Width: _____ or Diameter: _____
Thickness: _____

5.) Are there any additional sizing or tolerance requirements? _____

6.) Is multi-piece construction acceptable? _____

7.) What purity level do you require? _____

8.) Do you have any other specific requirements in terms of density, compositional tolerances, etc.?

9.) What quantity do you require? _____

10.) When do you require delivery? _____

11.) Do you require _____ backing plates and/or _____ bonding?

12.) Are you using an Angstrom Sciences source? _____
(If not, who is the manufacturer of the magnetron, and can you supply a target drawing?)

13.) Are there any other factors that should be taken into consideration?

14.) What supplier have you used for this material in the past? _____

15.) What is the most recent price you paid for this material from that supplier? _____

16.) Please provide the following information so we may respond to your request.

Name: _____ Organization: _____

Title: _____ Address: _____

Email: _____

Phone: _____ City: _____

Fax: _____ State, Zip: _____

How would you like to be contacted? ___ phone ___ fax ___ email ___ sales call
